**RE: INTERIM-FINAL FEASIBILITY STUDY REPORT ADDENDUM  
GULFCO MARINE MAINTENANCE SUPERFUND SITE  
FREEPORT, TEXAS**

Dear Mr. Miller and Ms. Nann:

Please find enclosed four (4) copies (Mr. Miller) and one copy (Ms. Nann) of the Addendum to the Interim-Final Feasibility Study (FS) Report for the Gulfco Marine Maintenance Superfund Site (the Site). This report addendum was prepared by Pastor, Behling & Wheeler, LLC (PBW) on behalf of LDL Coastal Limited LP (LDL), Chromalloy American Corporation (Chromalloy), and The Dow Chemical Company (Dow). An electronic copy of the addendum in Adobe® format was provided to Mr. Miller via electronic mail on July 15, 2011. In accordance with Paragraph 52 of the amended Unilateral Administrative Order for the Site, effective January 31, 2008 (the amended UAO), I certify that I have been fully authorized by the above Respondents to submit this document and to legally bind these Respondents thereto. As you know, Parker Drilling Offshore Corporation is participating in the Site work, as well, under an agreement it reached with the Respondents.

This addendum to the Interim-Final FS Report includes revised versions of the FS text and Appendix A based on the comments that Mr. Miller provided on July 12 and 14, 2011. The tables, figures, plate, and other appendices are unchanged from the Interim-Final FS Report dated June 2, 2011, except for revised versions of Tables 4 and 5, which were previously submitted to EPA on June 29, 2011. Please replace the text and Appendix A in the June 2, 2011 Interim-Final FS Report with these addendum pages.
